New features

- More filters – available on map view and list view
- Data downloads on each page
- Annual reports capturing actual spend
- Areas of benefit are captured to the nearest community council
- Shared ownership projects are now included

Updates

- Updating the Register is voluntary, however we do hold some information for around 80% of projects over 5MW.
- New features and reports will take time to be populated.
- Training sessions have been held (around 100 people from industry have attended these) – there is good commitment from industry to provide and maintain records.
